Profile

A motivated individual with in-depth knowledge of languages and development tools, seeking a position in a growth-oriented company where I can use my skills to the advantage of the company while having the scope to develop my own skills.

Static Project

- <https://rhlgr.github.io/zorrodesign/>
Zorro design is a clone frontpage created by me to enhance my professional skills.
- <https://rhlgr.github.io/this-is-digital/>
This is digital is a nice site to clone one but in this I have tried something new to contribute I hope you notice.
- <https://rhlgr.github.io/infosys/>
Infosys is also a clone site where I have learned some new skills in my creation time.
- <https://rhlgr.github.io/shaadi.com/>
This is a special website as this is my first website I have tried to clone and failed many times. In this I have tried some backend skills

Dynamic Project

- THE IMDB- REACT PROJECT
In this project we can explore all current movies by using React-Apies
<https://github.com/rhlgr/IMDB.git>
- CASH-BOOK – REACT PROJECT
In this project you can manage your record by creating and deleting.
<https://github.com/rhlgr/CASH-BOOK.git>
- THE COVINA PP -NODE PROJECT
In this project I have created an app that perform operations to store and manipulate data accordingly
<https://github.com/rhlgr/Covin-App>
- USER-TASK-MANAGEMENT- NODE PROJECT
This Is a management making file project in which we can add, update items.
<https://github.com/rhlgr/USER-TASK-MANAGEMENT>
