Profile

A motivated individual with in-depth knowledge of languages and development tools, seeking a position in a growth-oriented company where I can use my skills to the advantage of the company while having the scope to develop my own skills.

Static Project

- https://rhlgr.github.io/zorrodesign/

  Zorro design is a clone frontpage created by me to enhance my professional skills.

- https://rhlgr.github.io/this-is-digital/

  This is digital is a nice site to clone one but in this I have tried something new to contribute I hope you notice.

- https://rhlgr.github.io/infosys/

  Infosys is also a clone site where I have learned some new skills in my creation time.

- https://rhlgr.github.io/bhopal-tourism/

  Bhopal tourism is a first site which I have created in this site I have tried to cover all the requirements.

- https://rhlgr.github.io/shaadi.com/

  This is a special website as this is my first website I have tried to clone and failed many times. In this I have tried some backend skills

Dynamic Project

- MAKE LIST

  This Is a list making file project in which we can only add and update items.

- THE TASK

  In this project we can perform no of operations like create, add, edit, update and delete.

- THE FILE MANAGER

  In this project I have created a file manager in which we can do multimedia transforms of any type of file doing CRUD operations.
